Service Integration

How has your campus integrated mental health services?

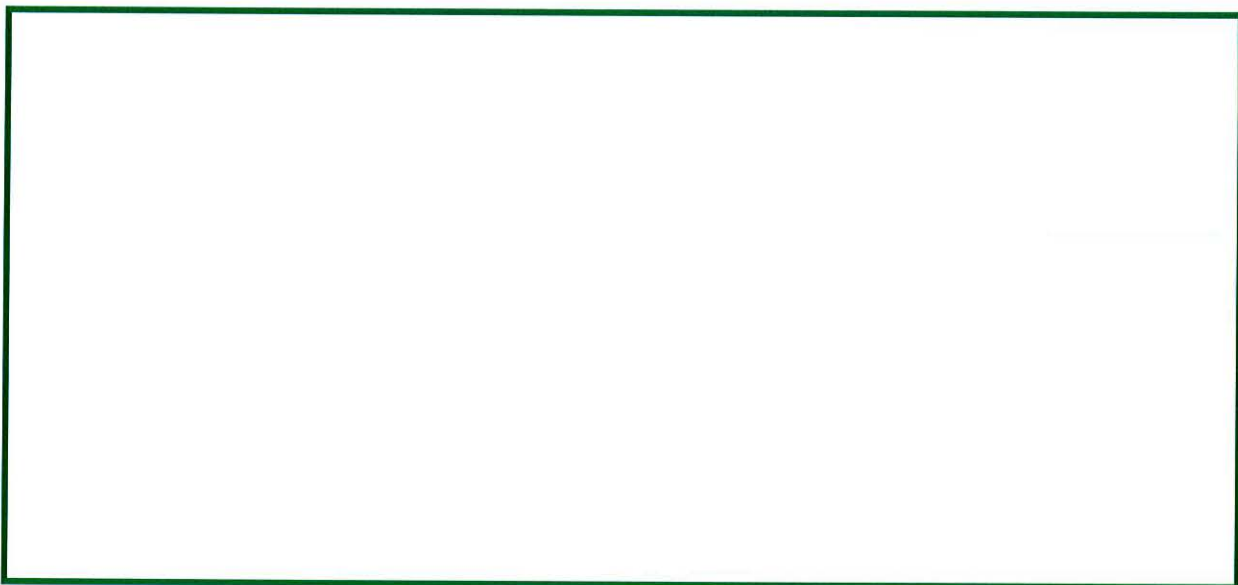

What barriers impact integration of services?

What has worked in eliminating barriers to accessing mental health services?

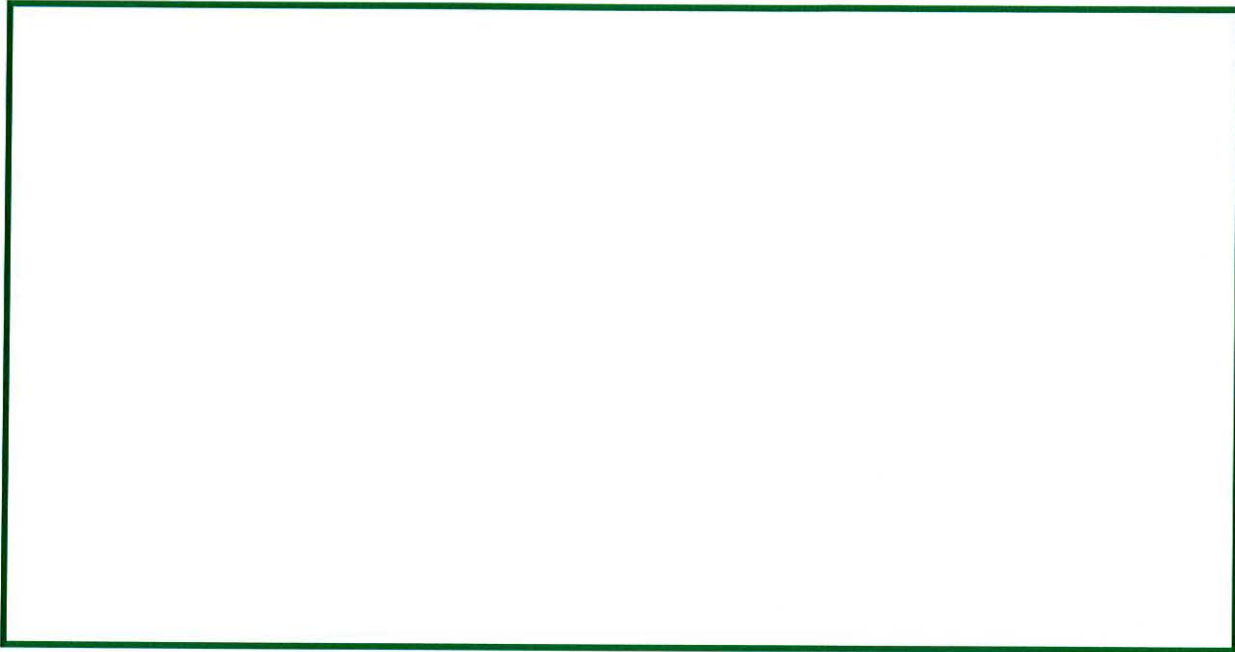

Prevention

What campaigns have been successful on your campus?

What efforts have been most successful on your campus to destigmatize accessing mental health services?

Campus Engagement

What strategies for a campus-wide approach to mental health have been successful?

Demand and Capacity

How do we respond to the growing need for counseling on our campuses?

What are innovative approaches have you implemented or plan to implement?

How do we address higher level care for students when needed?

Care for Counselors and their Staff

What strategies have you implemented, or could you implement, to ensure counselors and front-line staff are being supported?
